PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

Daniel R. Feely ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2. Petitioner proposes the Commission allot FM channel 254A to Greenfield, California as its third commercial FM service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Greenfield, CA	258B, 300B1	254A, 258B, 300B1

3. Greenfield is an incorporated city located in central California. It is located in Monterey County. In 2000, the United States Census Bureau estimated that Greenfield had a population of 12583 persons.

4. FM channel 254A can be assigned to Greenfield in full compliance with the Commission's minimum distance separation requirements without a site restriction. This is illustrated in the attached spacing study. Coordinates used are N 36:19:23, W 121:14:41 and are those listed in the National Atlas for Greenfield, CA.

5. Petitioner, or an entity with which he is affiliated, intends to apply for a construction permit to activate channel 254A if it is assigned to Greenfield as proposed. If his application is granted, he shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are his, and are accurate to the best of his knowledge.

Respectfully submitted,

Daniel R. Feely
